In the middle of the summer thank you letters from three young women arrived to World Prayer Day and SB Foundation, which jointly pay for these students' nursing education. They tell us that they are in the second year of their three-year education leading to a diploma. Thereafter six months mandatory internship will follow, and then they are ready to serve civil society or work in a medical institution. All three girls express their great gratitude for the support, which enables them to realize their dream to become registered nurses. They are now totally focused on doing their best; they also thank you on behalf of their impoverished parents who are not able to afford the school tuition. The girls' names are Durba, Kalpana, and Sapna. What a joy to be able to support such motivated youngsters!

**A WARM THANK YOU** To each and everyone who supports SB Foundation's work!
