Romania – Firewood for
Voivodeni and Ciumeghiu

*Dear Friends and
Supporters!*

Winter and cold weather can be harsh in our European countries. SB Foundation has received appeals from both Voivodeni and Ciumeghiu to aid the most vulnerable there with purchases of firewood so they can have heat in their homes.

Denes Csaba reports that one evening, a drunken man in Voivodeni threw his mentally ill wife and their three children out onto the street. The local Village Council arranged for the wife and children to stay in an abandoned school building. "There are others who are also struggling," says Denes, mentioning, among others, a Roma family with five children and two grandchildren, who all live in the same space together, as well as another situation, where three Roma families, a total

of fourteen people, live in just two rooms. Our contact person in Ciumeghiu, Georgi Andrasi – also known as Ghita – appealed to the Foundation to help Roma families in the village of Ciumeghiu, who live in poor housing conditions and are in great need of firewood.

The pictures show the transport of some of the purchased firewood. SB Foundation is delighted that thanks to our warm-hearted and loyal supporters, we have been able to help in both places. A BIG THANK YOU to each and every one of you!
