ROMANIA
Gepiu - doors

*Dear Friends and
Supporters,*

In our October Newsletter we told you about ten poor Romani families in Gepiu, Romania, who lacked doors to their houses. Likely, they are among the Romani who are not registered with the authorities and therefore are among the poorest. Most often the reason that some Romanians are not registered is that they belong to the “travelling people”, a group of Romani who move from place to place and even between countries; therefore, to this day they remain outside established civil society. If they are not registered, they have no identification and social service agencies ignore them.

SB-Foundation has now paid for doors for thirteen families. It turned out to be true Christmas and New Year’s gifts because the first ten doors arrived ten days before Christmas and the last three before New Year. Shown here (in black clothes) is Ionut Razvan from the door company as he is installing a couple of doors. Our contact person Ghita Andradi (the other man in the same picture) was the one who brought our attention to the families’ situation. He was present when the doors were put in and tells

us that the families are very happy that they now can keep out the cold, which previously swept through their homes. He conveys a warm thank you from the families and tells us that they pray that SB-Foundation and its donors may be given health and strength. Ghita also distributed Christmas presents sent to the families’ children from SB-Foundation (see the Newsletter on Sweden in December 2022). The foundation has now asked Ghita to make sure that the families become registered, and he has promised to do so.

SB-Foundation warmly thanks all donors via us on the Board,
Arne, Elisabeth, Gloria, Ivar, Lena, Roger
