INDIA – School for the
Blind, Sports Day

*Dear Friends and
Supporters!*

On January 2nd, a new school year began with new hope and new ambitions. The students at the School for the Blind have achieved good results on their exams and have been promoted to the next grade. Three new students have been admitted.

Students who have completed required classes for first through eighth grade (Primary School) take a "board exam" compiled by a state education board. Similarly, after completion of grades 9 and 10 (Middle School), they take a state board exam for those years. These exams are taken at a different school than the one the students normally attend. It takes three months after the students take the exams to receive the results. If they pass, they are promoted to Middle School (grades 9–10) and High School (grades 11–12), respectively. Currently, they are waiting for their results, full of hope and anticipation.

The annual Sports Day is always eagerly awaited by the students at the School for the Blind. The event began with a parade. Here, a tug-of-war competition is taking place.

The School for the Blind thanks SB Foundation and its donors for their financial support.

Warm greetings from SB Foundation via *Arne, Elisabeth, Gloria, Lena, and Roger*
